**CONSUMER INFORMATION**

- ❖ **This report is not a recommendation or endorsement of the subdivision; it is information only.**
- ❖ **Buyer or lessee must sign that (s)he has received and read this report.**
- ❖ The subdivider *has not* complied with all of the conditions necessary for the issuance of an Amended Final Subdivision Public Report. This subdivider may not enter into a binding purchase agreement, but instead can only offer nonbinding reservations revocable at any time.

A copy of this ☐ *amendment* ☐ *renewal* page shall be affixed to the Final Subdivision Public Report dated \_\_\_\_\_, and both shall be given to each prospective purchaser prior to his signing any reservation agreement and prior to accepting any funds from the prospective purchaser.

***Price quotations made by the applicant or his/her agent at the time of making a reservation are not binding. During inflationary periods, it is likely that the selling price of a lot or unit at the time of entering into a contract to purchase will be greater than the estimated selling price quoted at the time of making a reservation.***
